

**Sculpting 1**  
**“What Can You Do?” Challenge**  
**Thursday, May 14, 2020**  
**Bertoncin, Flinton, Manco**

**Day Three: Creation**

**Objective/Learning Target:**

Students will look at the work of artists using recycled or found objects and materials and explore the creative process of transforming a found object or recycled material into a three dimensional work of art.

**Requirements:** Aluminum soda can,towel, soap and water.

**Bellringer:** Today we will be transforming an aluminum can into a sculpture inspired by artist [Noah Deledda](#) . Watch the following video to help you understand a variety of ways you can work with this thin and very malleable metal.

[Soda Can Artist Noah Deledda](#)

[Cans Are Transformed Into Amazing Works Of Art](#)

Begin by washing and drying your aluminum can. You can create a project based on one of his designs or research a pattern that you would like to use. *When your design is finished, please share your result using #isddoesart.*
