

Business Finance Virtual Learning

11th and 12th/ Lesson:

Budgeting-Case Study

Lesson: 4/21/2020

Students will be able to:

- Track and evaluate a sample student's current spending habits and expenses
- Determine what the student's priorities and financial goals are
- Explain how a budget can help the student achieve their financial goals
- Create a plan that outlines next steps for the student to take

Question Starter:

1. What items do you spend money on currently?
2. Now, imagine yourself as a recent college graduate who has just secured a full time job. How do you think your spending as a college grad will compare with your current spending as a teen?
