

Introduction to Design & Production

Sound Design

Ms. Hayes, Mr. Meyer, Ms. Yung

April 21, 2020

Learning Objective:

The student will create and record sound effects by using items found in their home.

Bell Ringer:

Watch the following video about sound effects in the movie *A Quiet Place*.

[A Quiet Place: Sound Effects](#)

What items were used to make some of the sound effects?

Lesson Steps:

Today, you will take on the role of a sound designer and develop your own sound effects.

Practice:

1. Select and create 2 sound effects from the following list:
 1. Crickets
 2. Breaking a bone
 3. Rain
 4. Thunder
 5. Car alarm
 6. Walking through snow
 7. Walking through grass
 8. Ocean Waves
 9. Doorbell
 10. Creaky door
 11. Shower
 12. Drum roll
 13. Magic Wand
 14. Record scratch
 15. Dog walking on tile
 16. Cat scratching carpet
 17. Stomach growling
 18. Stepping through leaves
 19. Digging through garbage
 20. Twirling a glass with ice
 21. Mopping a floor
 22. Sweeping a floor
 23. A river
 24. A quiet restaurant
 25. An ice machine
 26. A waterfall
2. Find items around your home that can be used for sound effects.
3. DO NOT USE FIREARMS OR WEAPONS!!!!!!!!
4. Record your sound clips on your phone.
5. Play them back and listen or ask a friend to listen
6. Did you successfully achieve the sound effect?
