Computer Science Principles

Lesson: April 13, 2020

Learning Target:

Students identify ways that a web developer's decisions affect the user and ways that the user's decisions impact society.

A Question to Ponder:

What does cyber hygiene mean to you? As you ponder this, consider what you learned in the previous activity about password protection and your digital footprint. Write your thoughts down in your notebook and discuss your ideas with your friends and family.

Practice: Hackers Wanted!

Practice: Creating a Repl.it Workspace
Follow the instructions on the link below to create
your repl.it workspace.
