HS Computer Science Essentials

Lesson: May 14, 2020

Objective/Learning Target:
HTML Styles 1 of 2

Let's Get Started:

Setting the style of an HTML element, can be done with the style attribute. Some styles include text color, background color, bold, italic, etc. Explore the HTML tutorial at:

https://www.w3schools.com/html/html_styles.asp

Work through the HTML Styles subcategory.

A screenshot of the w3schools.com website. The top navigation bar includes links for HTML, CSS, JAVASCRIPT, SQL, PYTHON, PHP, BOOTSTRAP, and HOW TO. The HTML link is highlighted in green. A sidebar menu on the left lists various HTML topics, with 'HTML HOME' highlighted in green. A red arrow points to this 'HTML HOME' link. The main content area shows the title 'HTML Tutorial' and a green button labeled '< Home'. Below this, a light green box contains the text: 'HTML is the standard markup language for Web pages. With HTML you can create your own Website. HTML is easy to learn - You will enjoy it!'

Be certain to try each example
that is provided

Learning by Examples

With our "Try it Yourself" editor, you can edit the code and view the result.

Example

```
print("Hello, World!")
```

Try it Yourself >

Click on the "Try it Yourself" button to see how it works.

Clicking on the "Try it Yourself" buttons will open a new screen that will allow you to practice what you have learned in the tutorial. The screen on the left will allow you to enter your code. Click on "Run" to see the output of your program on the right side of the screen.

```
#This is a comment.  
print("Hello, World!")
```

Hello, World!

Practice:

At the end of this section, click on the “Start the Exercise” link within the “Test Yourself With Exercises” block.

HTML Exercises

Test Yourself With Exercises

Exercise:

Add a "tooltip" to the paragraph below with the text "About W3Schools".

```
<p ="About W3Schools">W3Schools is a web developer's site.</p>
```

Submit Answer >

[Start the Exercise](#)

Complete Exercises 1-3 under HTML Styles and check your answers after running your programs.

Additional Practice:

Click on the links below to get additional practice and to check your understanding!
