Computer Science Principles
Lesson: April 14, 2020

Learning Target:
Students identify ways that a web developer's decisions affect the user and ways that the user's decisions impact society.

A Question to Ponder:
What is your favorite web page? What makes a great website 'great?' Even if you have created a wonderful website, how are people going to find it or even find out about it? Write your thoughts down in your notebook and discuss your ideas with your friends and family.

Practice:
Find Your Favorite Web Page!

Practice:
Your Favorite Web Page

Once you have watched the linked videos about amazing and useful   web pages, you can choose one of the sites in the video, or you may have another Favorite web page.
Click here and work through the activity for 2.1.2, Your Favorite Web Page: Websites, Browsers, and Search Engines

Answer the Conclusion Questions in your Notebook. Discuss them with your friends and family members.
