Dear Self Before COVID-19...

Today you are going to write a letter to yourself in the past. Answer the following questions in your letter:

1. What would you tell yourself to prepare you for what would happen? (School closing, Businesses Closing, Being with family all the time, Job loss)
2. If you could give your Pre-Coronavirus self one piece of advice, what would it be?
3. If you could go back to the school year before we all left, would you have done anything differently?
