I still remember like it was yesterday We were at van horn high school playing the boys soccer state quarter final. the clock was winding down 5 4 3 2 and 1. The game was over that meant we had made it to the final four. Julio edison and angel went to celebrate with their families. Everyone ran onto the field. Van horn soccer had never been to a final four ever. It was one of the most memorable motivating and gratifying memories I've had not only as a coach but as a soccer fan.
