Quick Write:

In your own words, what is assistive technology?

Assistive Technology
is...

Assistive Technology:

- A device that helps people overcome challenges

Examples:

- Magnifying Bars
- Text-to-Speech
- Weighted Pencils
- Talking Calculators
- Wheelchair Accessible Ramps

Writing Assignment

Research an article about assistive technology in schools.
Answer the following questions in your writing:

1. What is the article mostly about? (Summary about 2-3 sentences)
2. How does this article relate to the story “Teens Open Doors?”
3. What assistive technology exists in your school?
4. What assistive technology does your school need?
