

**Early Childhood Professions I Virtual Learning**

# **Floor Plan**

**(2 day project)**

**May 14 , 2020**

## ECPI

Lesson: May 14, 2020

Objective: Student will arrange the classroom environment to provide for learners' exploration, discovery, development, and reflection.

Standard: 4.3.5

Activity & Directions: Create a floor plan suitable for Early Childhood. See the format to use on the next slides to describe your plan for this activity/lesson.

Directions: In this assignment, you will be designing your ideal classroom. Things to think about are: technology you would want, the flow of the room, where supplies would go, etc.

**Things that are required:** teacher's desk, teacher resource/supply area, parent information area, bookcase(s), window(s), at least one door to the room, at least one bulletin board in the room, whiteboard/smart board, at least 6 center areas (Art, Science, Literacy/Reading & Writing, Sensory {Water, sand, etc table}, Manipulative toys/puzzles, Building Area {blocks, legos, stackables}, Dramatic Play {props}, Living Environment {pets & plants}.

- You need to draw or construct your ideal classroom. You may use paper, poster, a website or a shoebox. If drawing, make sure to make the drawing is as neat as possible. **Label** all of the items that you place in your room.
- When you are finished, you need to answer the following questions either on this piece of paper or another sheet.
