HS/Fiber Identification Booklet

April 17, 2020

HS/Fashion I
Lesson: Create a Fabric Booklet

Objective/Learning Target:
Students will create a booklet of a variety of fabrics that we wear daily.

This is a 2 Day project

Learning Standard: 16.2.2

Fiber Identification Booklet

You are going to put together a fiber identification booklet. Research the following fibers and then create a google slide for each one. You can lay the page out however you like, as long as you have the following information.

BE CREATIVE!!

Fibers:

1. Cotton
2. Silk
3. Wool
4. Linen
5. Acetate
6. Rayon
7. Acrylic
8. Nylon
9. Polyester

ADVANTAGES

Smooth and Soft
Lustrous
Strong
Delicate
Drapes well

DISADVANTAGES

Expensive
Difficult to care for
Fades easily
Stains are obvious

SILK

Silk is a natural fiber that comes from silkworms

USES

Blouse
Dresses
Skirts
Scarves
Suits

Special Care

Silk must be hand washed or dry cleaned
