

Human Growth and Development

Developmental Research

(Continued from Thursday)

May 1, 2020

Lesson: May 1, 2020

Objective: Students will be able to research developmental areas of a preschooler.

Learning Target: 12.1.1

How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

You will be continuing your work from yesterday on the different development questions for the age of child that you chose.

Today, you will be answering questions on social and emotional development.

Answer the questions on the next slides on your google doc.

Social Development

- How do preschoolers handle stress?
- What are some common fears of preschool age children?
- What can parents/teachers do to foster high self-esteem?
 - Why is good self-esteem critical at this age?

Emotional Development

- What type of play do preschoolers engage in?
 - Do they like to share and take turns?
 - How do they handle arguments with friends?
- What is the relationship with their parents like?
- What type of discipline seems to be most effective with preschoolers?
