

**Human Growth and Development**

# **School Age Children and Safety**

**May 7, 2020**

Lesson: May 7, 2020

**Objective:** Students will be able to investigate safety concerns for school age children.

**Learning Target:** 15.1.2

## How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

You will be using the same website from yesterday.

### [School Age Safety](#)

You will need to select a topic to read about under the safety topics. It can be under safe at home, recreational safety, safety out and about, or holidays.

You will be creating an informational handout for a parent over the topic you pick. Directions are on the next slide.

## Title of Handout

- Explain how this topic is a danger to school age children
  - Statistic on number of children harmed by this danger
  - Give tips on how to avoid this danger
- Explain how you can teach your child to avoid that danger
  - Provide an additional source where the parent can get information
