

Human Growth and Development

**Discovering Types of
Development**

April 21, 2020

Lesson: April 21, 2020

Objective: Students will be able to review and reflect on the types of development.

Learning Target: 12.1.1

How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

You are going to be combining your knowledge about the types of development and the different age groups of children that we have covered.

Go to the following link and watch the children's show.

[Mickey Mouse Clubhouse](#)

Use the instructions on the next page.

You are going to be looking for the types of development that you see in Mickey Mouse Clubhouse. You will then put the age group that you think that development is appropriate for.

Types of development choices: physical, intellectual, social, emotional

Age group choices: infant, toddler, preschooler

The next slide has an example of what it should look like on your google doc.

Example

Say what happened in the show. List the development, list the age group(s)

- Mickey Mouse said to clap your hands. Physical development, infant/toddler/preschooler
