# Toddler Social/Emotional Development

April 15, 2020

Lesson: April 15, 2020

**Objective:** Students will be able to explain the different emotions of toddlers.

**Learning Target:** 12.1.1

## How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

You will need to open the slideshow to get information about toddlers.

## [Toddler Social/Emotional Notes](#)

Type any notes out on your google doc to help you remember or understand the information.

## Activity: Toddler Scenarios

Use the slideshow and any notes that you took on your document to help you answer the questions on the next slide.

On the next slide, there are going to be scenarios that you may deal with having a toddler. On your google doc, you need to list the number for the scenario and then explain why that child may be acting that way.

## Activity: Toddler Scenarios

1. You tell your 18 month old child to sit in their chair but they walk into the other room.
2. You tell your toddler to pick out their clothes. They put on their Halloween costume and you are upset.
3. You tell your 3 year old that you don't like the way that they are sitting in their chair and they change the way they are sitting.
4. You are afraid of spiders and now your 2 year old is afraid of spiders.
5. You bring home your new baby and your 3 year old starts to want their pacifier again.
