High School/Interior Design Lesson: [April 24, 2020]

Objective/Learning Target:

11.2 Evaluate housing design concepts and theories, including sustainability and universal design, in relations to available resources and options.

11.2.3 Analyze the effects that the principles and elements of design have on aesthetics and function.

What are the benefits to updating a kitchen?

Today's lesson is a continuation of the lesson on April 23rd. Complete the slides on you kitchen remodel.

It is important when communicating your ideas that other people can see your ideas. Using the layout of your kitchen decide the following:

1. Color scheme
2. Appliances and the layout of those appliances
3. Flooring
4. Counter and backsplash- (the area behind the counter)
5. Decoration around the kitchen to make it personal

Go to one of the following websites:

www.homedepot.com, www.lowes.com, www.bhg.com,

Or one you are familiar with.

Create a presentation using the following format:

Slide should include the following:

1. Title with your name and Kitchen Project
2. Take a picture of your drawing of the before and after and include that in this slide
3. Include color swatches to represent the color of the kitchen
4. Include pictures of countertop and backsplash.
5. Decide on appliances and put a picture of those on this slide

Presentation Format slides continued:

6. Add any additional knick knacks you might want in your kitchen to make it yours.

7. The last slide should be a written description of how the kitchen looked before and how it will look with the updated changes.

Reminder:

If you want feedback of your work make sure it is properly labeled and then put into Google Classroom
