Quarantine Drawing

Instructions: Read the following article.

[French Article](#)

French artist feel that as we are all in the way of quarantine that this is a time draw what we feel would be the ideal apartment to reside in during the time of quarantine.

Using the template

Draw what you would think would be the idea place to quarantine: Think about:

Colors that would make you feel good

Textures that would make you feel like everything will be alright

Objects or things that cause a positive feeling.

Reminder:

If you want feedback of your work make sure it is properly labeled and then put into Google Classroom
