Grade/Course

Lesson: [May 12, 2020]

Objective/Learning Target:

11.3 Apply residential and commercial interior design knowledge, skills and processes to meet specific design needs.

11.3.1 Analyze product information, including but limited to floor coverings, wall coverings, textiles, window treatments, furniture, lighting fixtures, kitchen and bath fixtures and equipment.

What is the main function of furniture?

Here are the four functions of furniture:

- 1. A way to express your individual style**
- 2. A means of storage**
- 3. A focal point for the room**
- 4. A place for gathering**

This is a two day activity

FURNITURE TIMELINE ACTIVITY: You are making a furniture style timeline to see how furniture designs have changed over the course of the centuries. Choose three random 3 different styles. Create a mini poster (on a Google Document) about each of your furniture styles. On your mini poster, you need to include:

- picture of a chairs and other furniture items in that style
- the name of the designers who are most associated with the style
- the span of years that it was popular
- the country it originated in
- the materials it was typically created with (be specific to types of wood and colors)
- well-written description about the style. Paste all of this in a Google Document

In the link below you will find your choices of types of furniture and century to choose from. This link also gives you examples of what the final product should look like.
