

Pathways to Teaching

Evaluating Elementary Virtual Learning

April 23, 2020

Lesson: April 23, 2020

Objective: Students will be able to explore and evaluate elementary lesson plans on virtual learning.

Learning Target: 4.3.1

How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

You need to visit the following website.

[ISD Virtual Learning](#)

You will pick an elementary grade and a date and will then explore that day's lessons and answer questions about what you found.

The questions you will answer on your google doc. are on the next slide.

1. Grade and date
2. What did you notice about the daily schedule?
3. Was this easy to navigate or difficult? Support your answer.
4. After clicking on links and opening up the lessons for that grade, do you think that this is too little, just right, or too much for a student of that age to do at home? Support your answer.
5. Could a parent with little education help a child do this? Support your answer.
6. What could be difficult for the teachers that are putting these lessons together?
