Reading to Elementary Students

April 21, 2020

Lesson: April 21, 2020

Objective: Students will be able to observe a read-aloud for elementary students and examine how to do it.

Learning Target: 12.1.1

How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

A large part of being an elementary school teacher is reading books to your class.

You need to use the link below to observe an ISD elementary school teacher reading a book.

The next slide tells you what you should be looking for during this reading.

As you watch the video, make a list on your google doc. of the things that the reader did that would keep elementary students engaged. (At least 5).

Do the activity on the next slide.

Activity

Look up or think back to a book that you read in elementary school. You need to:

- List the book title
- Insert an image of the book
- Describe what the book is about
- What activity could you do with your class after reading the book?
