This week will be about how teachers finish up a school year.
Today, you will continue figuring out how to plan an elementary school field day.

Yesterday, you learned about 6 helpful tips in the beginning process of planning.

Today, you will be coming up with activities for students to do during the field day.

You need to come up with 8 different field day activities for students to do. List what supplies, how many staff members you will need, and location. Below is an example.

Activity #1: Cake Walk

Need 2 staff members-1 to play music and monitor activity, 1 to supervise the dessert table

Supplies-speaker, music, chalk to make the cake walk route, desserts, table

Location-concrete by building doors
