# Evaluating Early Education Websites

April 22, 2020

Lesson: April 22, 2020

**Objective:** Students will be able to evaluate an educational website for elementary students.

**Learning Target:** 4.3.1

## How to do assignments:

If you created a google doc last week, continue on it. If you did not, then:

- Create a google doc.
- Put today's date and the lesson topic
- Put the questions and answers under that date. (You may need to copy the questions from the lesson and paste them into your doc)

Part of being a teacher is finding resources to use in the classroom.

Today, you will be looking at a couple of early education websites and evaluating and answering questions about them.

The list of websites are listed on the next slide as well as the instructions for your assignment.

Here is a list of early education websites with games. Pick 2 websites to explore. Answer the questions on the next slide in your google doc.

1. Which websites did you explore?
2. Describe what you found on each of them.
3. What topics of curriculum did they cover?
4. If you were an early education teacher, how could you use this in your classroom?
5. How else could this be used besides in a classroom? (think outside of school)
