Bellwork

Ask a family member how they are feeling and explain how to respond in French to them. Teach them at least 3 expressions and fill us in on what you did (by sending a video, or giving a list of expressions you taught them!).

Chez le médecin

Your dialog at the doctor's office is due Friday, May 15. Refer to this [rubric](#) for all the details.

When you go to “la pharmacie” in France, it is strictly a pharmacy, with health and beauty products, but nothing else. In order to obtain standard medicine we can purchase from a shelf in the US, you must explain your symptoms to the pharmacist and they will sell you the appropriate medication according to your symptoms.

These activities are NOT required, but are great practice to keep your brain growing French. You can choose as many or as few as you want.
