Choice Board

Choose any **one activity per day** of the following activities to complete. You should complete a total of 5 items. Keep in mind that this choice board is used for all four levels of German – you have the same guidelines, but my expectations for the product you produce are much different. If you're in dual credit, don't turn in something that a student in German 1 could produce. And if you're in German 1, don't turn in something you could have done during the first week of school. It needs to be in German, at YOUR level!! No online translators. Use dict.cc and dict.leo.org
