Wenn man Hunger hat, isst man zuerst etwas!

1. On a google doc copy and paste your German rezept. (ingredients, directions, etc.)
2. Put your converted measurements by the corresponding Metric measurement.
3. Create three of your own directions in German. Keep it simple. Do NOT copy from a translator or the directions from your recipe.
4. Make a grocery list with amounts of each item.
5. If you want to and can, then make this for your family.
