Introduction to Health Services

Healthcare Careers

April 20, 2020

High School Introduction to Health Services

Lesson: April 20, 2020

Objective/Learning Target:

Students will learn about some of the healthcare careers they can pursue.

Let's Get Started:

1. What healthcare careers exist that you are you aware of already?
2. Do any of those careers interest you? Why or why not?

Let's Get Started: **Answer Key**

1. **Answers will vary but should list multiple careers options they found**
2. **Answers will vary but should include a discussion of any careers that interests them and why**

Lesson Activity:

Directions:

1. Explore the website below to learn about the top 50 careers in healthcare.

Links:

<https://www.topmedicalassistantschools.com/top-50-health-care-jobs/>

Practice

Complete the following questions using the information you learned during the lesson activity.

Practice:

1. Choose at least 10 of the 50 careers you read about that interest you.
2. Complete the table (linked below- make a copy of it) for the 10 careers you chose. You may need to research some of the information on additional sites.

https://docs.google.com/spreadsheets/d/1WIBYUE9szzR-XgHFNtoR0S7L_vE7LmMyYS77fpgK0dA/copy

Once you have completed the practice questions check with the **answer** key.

Answers will vary based on the careers they chose, but completed charts will have 10 different careers completely filled out.

More Practice:

Follow the links below to do more practice.

1. Which two careers paths now appeal to you the most?
2. Has doing this project changes your mind or helped you decide a career direction? If so how?
3. Did you learn anything that surprised you about any of the career paths you read about?

Answers to more practice are opinion based and will vary. Successful answers will provide valid arguments and include evidence/examples to support the stated opinions.
