Leadership

Most Influential Leader: April 30, 2020

Objective/Learning Target:

Students will understand what the most influential leaders have in common and how it connects to the servant-leadership model.

Warm Up

What is an example of how a local leader has been influential in your life so far in 2020?

Warm Up

What is an example of a how a local leader has been influential in your life so far in 2020?

For me this is easy, because Gov. Parsons has closed the schools for this year I am having to be very creative to do my job. :)

Lesson Activity-Influential Leaders

1. In your notebooks, write “The Most Influential Leaders of All Time”

-Now set a timer, or watch a clock, for two minutes.

2. For two minutes brainstorm influential world leaders. Try and come up with 15-20 names.

(These people do not have to be political leaders and you don't have to like them. They just need to have been influential.)

Practice

Now that you have your list of leaders:

1. Next to each person, write down one way they were influential. (For example: Truman made the decision to drop the Atomic bomb on Japan to end WWII).
2. Now go through your list and designate if the person had more positive or negative influence.

Reflection

Now that you have determined if they are a more positive or negative influence, circle the 5 leaders you believe had the most influence on the world.

Are they mostly positive or negative influencers?

What are two things the 5 leaders have in common?

How do those common characteristics influence their leadership?
