Leadership

Servant Leadership Self Assessment/May 13, 2020

Objective/Learning Target:

Students will be able to identify what level of the Servant Leadership Triangle Model the Law of the Harvest connects to.

Warm Up

It is Attitude of Gratitude Day!!

I think we could all use this exercise right now.
In your notebooks, write three things that you
are thankful for today.

Lesson Activity

Today we are going to do a self-assessment survey.

This will help us as we talk about the next level of the Servant-Leadership triangle in the future.

Why is it important to conduct self assessments periodically?

Lesson Activity

Today we are going to do a self-assessment survey.

This will help us as we talk about the next level of the Servant-Leadership triangle in the future.

Why is it important to conduct self assessments periodically?

Self assessment and self reflection is the way we give ourselves feedback. The only way we can improve ourselves is through looking honestly at where we are right now. So always be honest when taking any self assessment.

Practice

Now you are going to take the Eight Essentials Survey. You don't need to write the questions but you do need to record your answers in your notebook. Make sure you keep track of your scores for each section.

-It is important that you fill this survey out, not as you would like to see yourself, but how you honestly are currently.

[Survey](#)

Reflection

How did you respond to the following statement:

“I let myself learn from my mistakes”

How could the ability to learn from your mistakes help you grow as a person?
