

Engineering Virtual Learning

**HS Mechanical Drafting
Design Lesson #10**

April 17, 2020

Objective/Learning Target:

Students will explore General Drafting as a career.

Getting Started:

Watch this video about drafting as a career.

<https://www.youtube.com/watch?v=y8WjCE-YfeE>

Answer the following questions in your
engineers notebook or on notebook
paper.

List the different types of drafters that were highlighted in the video.

Are Electrical and Electronics drafters the same?

What would you do if you were a civil drafter?

Do drafters work in an office behind a computer all day?

Do you need a 4 year college degree to become a drafter?
Explain why or why not?

Which Drafting field most interests you? Why?
