

Engineering Virtual Learning

**HS Mechanical Drafting
Lesson #32**

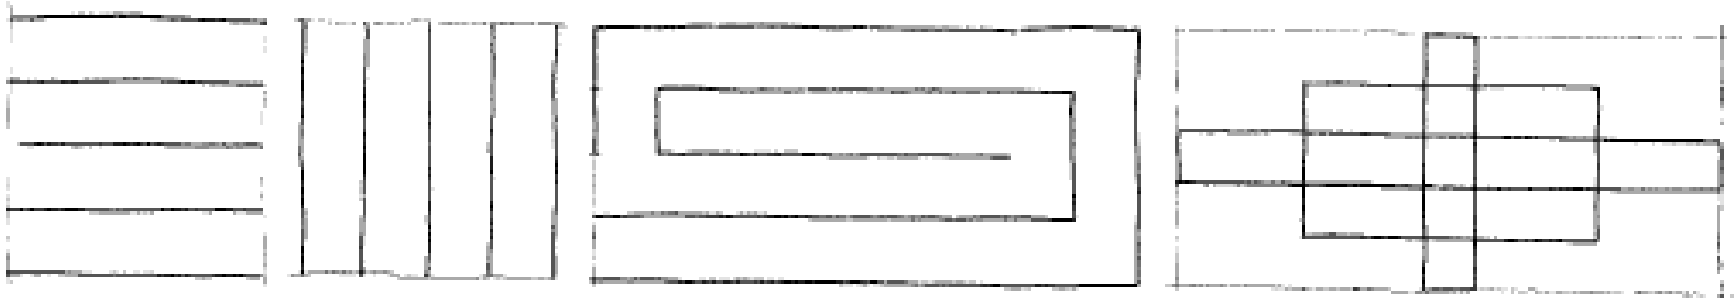

May 19, 2020

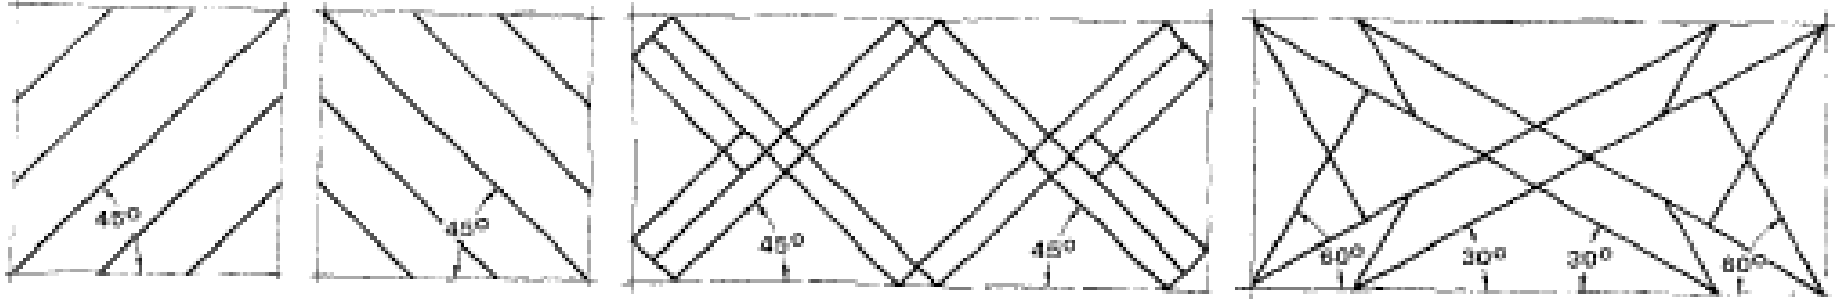

Objective/Learning Target:
Students will Utilize Drawing Skills
in Sketching Geometric Objects.

Learning Practice: Concept Sketching

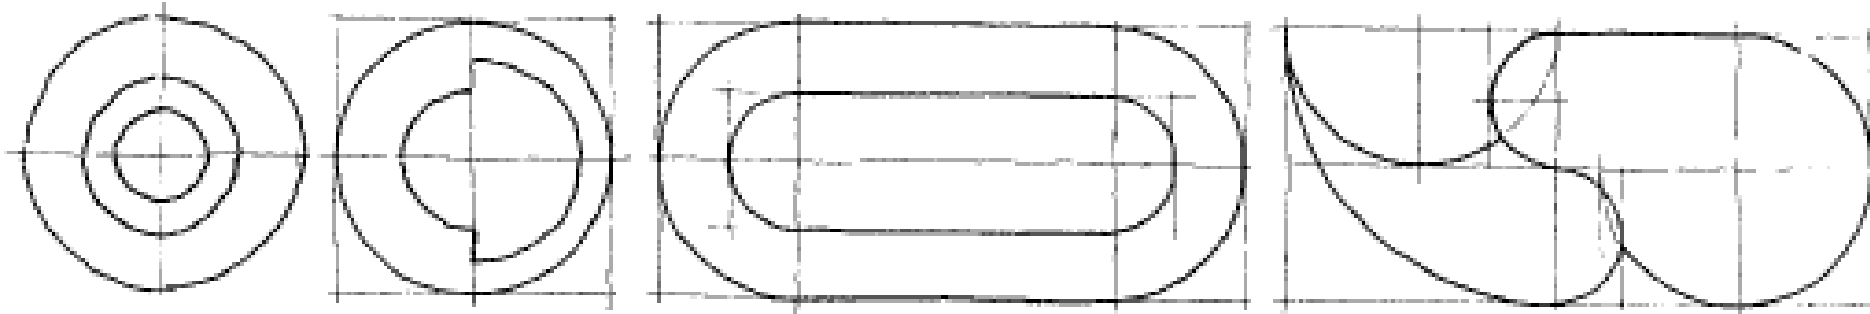

Use your engineers notebook or the Graph Paper printed from the resources link to recreate the following objects:

Recreate each view
-Hand Sketch Only-

**Recreate each view.
How can you space evenly between the angled lines?**

Recreate each view

What could you do to make the circles easier to draw?
