Rotational Kinematics 4: Motion Equations

April 10, 2020

Lesson: MPI Rotational Kinematics 4 - Motion Equations
April 10, 2020

Objective: To become familiar with the 5 rotational motion equations

- The following videos discuss the 5 rotational motion equations
- It's really one single video that got interrupted in the middle
- <https://youtu.be/8K71DEJ8C1g>
- <https://youtu.be/W5OnnKsfno>

Videos: Rotational Motion Equations

- There are no extra examples or homework this time. The next lesson will be entirely examples. So you got that to look forward to!

That's it
