Music Appreciation-Classical Music Intro

Tuesday, April 14, 2020

Music Appreciation

Lesson: Tuesday, April 14, 2020

Objective/Learning Target: Students will gain an introductory understanding of the classical era.

Classical Music Intro

Discovering the world of classical music!

A large, dark blue, diagonal shape that starts from the bottom left corner and extends towards the top right corner, covering the lower half of the slide.

Bell Ringer

Bell Ringer:

What pops into your mind when you think of classical music?

What types of sounds do you think you might encounter when listening?

Getting Started!

Please watch this video and answer the questions on the next slide as you watch!

Questions to Answer

1. What year did the Classical Era begin AND what event started the new revolution?
2. What are the two different names for this new era not including the classical era?
3. What are 3 new ideas that are found to change thinking and learning?
4. List 5 new sounds of the Classical Era.

Reflection

As you have listened to about 10 minutes of classical music, what are your thoughts?

Is this something you think you would like to listen to in your free time?

Discovery/Practice

Make a playlist of 5 classical pieces composed between 1750-1825 that you would like to listen to while studying?

Recap

Based on your questions to answers 1-4 in the earlier slides, write a paragraph in your own words summing up what you have learned today about the classical era.
