## Kindergarten Addition April 10, 2020

Click here to listen to a teacher go through the lesson.

## Kindergarten Math <br> Lesson: April 10, 2020

## Learning Target:

Students will be able to represent addition within 10.

Background: This is a review lesson from our Addition Unit

- Students learn to use objects to represent addition.
- Students learn to use pictures to represent addition.
- Students learn to use equations to represent addition.

## Let's Get Started:

Watch Videos:

1. Add 'Em Up by Harry Kindergarten
2. ISD Kindergarten Math Lesson 15
3. What Makes Ten Counting Song

Practice \#1:
How many objects do you see?

How many objects do you see?
*We can add using objects.

Practice \#2:

Think back to the lesson video.

- We can add by using objects.

How many objects do you see?

Practice \#2:

Think back to the lesson video.

- We can add by using objects.

How many objects do you see?

## Practice \#3:

How many objects do you see?
Think back to the video.

- We can add using pictures.

| $\square$ |  |  |  |  |

## Practice on your own: Addition Practice!

Find nine objects in your house. Can you create an addition problem?

1. Show your addition problem with your objects.
2. Can you show it in the ten frame and number bond?
3. Draw a picture to show your addition problem.
4. Can you write the equation?

## Practice:

Complete this page in your packet.

## MORE Practice on your own:

Go to this website:

## Fuzz Bugs at ABCya.com

1. Click the triangle then start.
2. Choose 9 to practice making numbers up to 9 .

## Self Check:

Go tell someone in your home your answers.

1. Was this lesson?
$\square$ easy
just right

- hard

2. See if you can use objects around your house to come up with your addition problems.
