

Math Calculation Virtual Learning

Sped Programs- Place Value

April 23, 2020

Sped Programs Math
Lesson: April 23, 2020

Learning Target:

Students will be able to identify the place value of 3-digit numbers.

Background: This is a review lesson from Math

- Students learn to identify numbers in 1st quarter.
- Students learn to represent numbers with objects in 2nd quarter.
- Students learn to identify place value and represent 3 digit number with manipulatives in 3rd and 4th quarter.

Let's Get Started:

Watch Videos:

1. [Place Value Song](#)
2. [Place Value House Lesson](#)

Practice #1:

Label the Place Value of the underlined digit.

356

Remember the place value house! The five in this number represents 50.

Since the 5 represents 50 in this number, it is made of 5 tens. So, the 5 is in the **tens place!**

Practice #2:

Label the Place Value of the underlined digit.

156

Remember the place value house! The 6 in this number represents 6.

Since the 6 represents 6 in this number, it is made of 6 ones. So, the 6 is in the **ones place!**

Practice #3:

Label the Place Value of the underlined digit.

983

Remember the place value house! The 9 in this number represents 900.

Since the 9 represents 900 in this number, it is made of 9 hundreds. So, the 9 is in the **hundreds place!**

Practice on your own:
Go to this website:
[Place Value Hockey](https://www.abcy.com/)

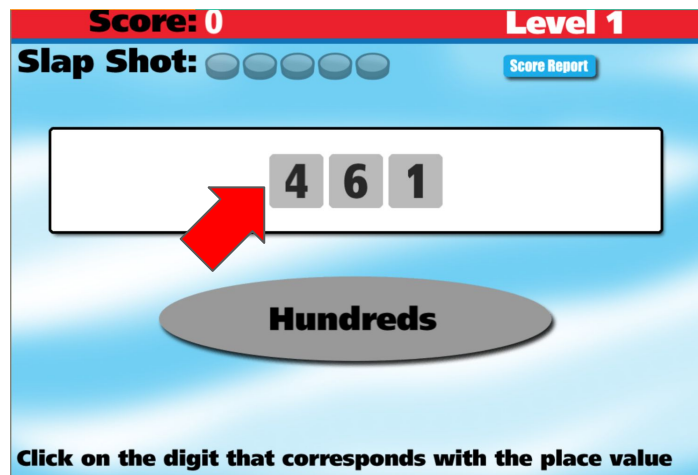

1. First Click the play button, then on the next screen press go.
2. Select level 1, then click go.
3. Select place value, then click go.

MORE Practice on your own:

4. Pick your player, then click go.
5. The game will start, you will click on the digit that represents the place value it is asking for.

Practice:

Complete this page for more practice.

Place Value Worksheet

Hundreds, tens & ones

Grade 2 Place Value Worksheet

Example: 53 = 5 tens

Determine the value of the underlined digit.

1. 615 = _____ 2. 19 = _____

3. 266 = _____ 4. 70 = _____

5. 14 = _____ 6. 69 = _____

7. 471 = _____ 8. 35 = _____

9. 494 = _____ 10. 85 = _____

11. 90 = _____ 12. 41 = _____

13. 779 = _____ 14. 81 = _____

15. 330 = _____ 16. 968 = _____

Self Check:

Go tell someone in your home your answers.

1. Was this lesson?

- ☐ easy
- ☐ just right
- ☐ hard

2. Find a 3-digit number in your house, and Identify each place value.
