

Math Virtual Learning

**Program K-5 Math Problem
Solving**

April 28, 2020

Functional Skills/CBSS/Life Skills Math

Lesson: April 28, 2020

Learning Target:

Students will learn how to identify coins and their values.
Students will learn a strategy to count coins.

Background:

- Students will learn to identify coins.
- Students will learn to identify the value of coins using rhymes and songs.
- Students will learn to identify the names and values of coins based on visuals.
- Students will count coins.

Let's Get Started:

Watch Videos:

1. <https://www.youtube.com/watch?v=pnXJGNo08v0> Jack Hartmann - The Money Song
2. <https://www.youtube.com/watch?v=Vb-w3rqRoJ8> Coin Value Song -Pennies, Nickels, Dimes, Quarters

Review coin value

Penny, penny, easily spent
Copper brown and worth one cent.

Nickel, nickel, thick and fat,
You're worth five cents, I know that.

Dime, dime, little and thin,
I remember, you're worth ten.

Quarter, quarter big and bold,
You're worth twenty-five I am told!

Practice on your own:

Go to this website:

[Learning Coins for Elementary Children](#)

1. Click on the play button
2. Select the green button that says “Learn”
3. Make sure your volume is all the way up
4. Click “next” as the game gives a description of the coins
