

IMPACT / MAP TESTING

Due to MAP testing, IMPACT will be closed from April 21 – 24 and April 28 – May 1. We **WILL** still have class on **Mondays for second graders** since they do not MAP test. I will use this time without students to finish paperwork and files for summer testing. We are testing 130 students this summer!

IMPACT will have all of our classes the week of May 4th and the week of May 11th. I am VERY thankful Dr. Scott approved the week of the 11th so we can have the students that last full week before school is out for the summer! I know that many schools have special events that final full week of school. Per Dr. Scott, it is the principal's discretion if a child may attend IMPACT if there is a special event at school the same day as the child's IMPACT day.
