Art Explorations

LESSON: May 20, 2020

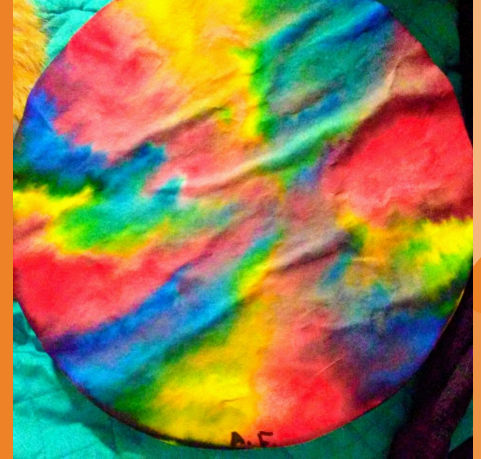

Objective/Learning Target: You will be learning about easy art projects with everyday items.

For our last week of virtual learning I thought I'd show you art ideas that you can do anytime. Especially this summer!

Coffee Filter Art

Tie dye coffee filter art is so easy and fun to do. You can make several and attach them together to make a sculpture.

What you'll need:

- Coffee filters
- Markers
- Spray bottle
- Water

Use your markers to draw on your coffee filters. You can do anything you want. However think big chunks of color to get a great result.

Once you have the the coffee filters colored the way you like, you'll then take your spray bottle filled with water and spray on it. Make sure to do this on something that won't get ruined. Try doing this on newspapers or outside on the grass.

Let the coffee filters dry completely
and you have your coffee filter art!

Look at these other ideas!

These are so fun to make!
