

# Visual Art Virtual Learning

Art Explorations -  
Summer Fun Art Ideas

May 21, 2020

# Art Explorations

LESSON: May 21, 2020

**Objective/Learning Target: You will be learning about easy art projects with everyday items.**

**For our last week of virtual learning I thought I'd show you art ideas that you can do anytime. Especially this summer!**

# Straw Art

Straw art is created by putting paint (watercolor) onto a paper and taking a straw and blowing it around the paper.

# What you'll need:

- Paper
- Watercolor paints
- Straw
- Water

Get your watercolor paints wet with your water. Make sure they are saturated. You will then place drops of paint on to your paper. You will decide what colors and where you want these drops of color.

Once you have the colors where you want them, you will take your straw and blow that paint around. Be sure to notice what directions you are blowing, because that is where the paint will go.

Let the paintings completely dry.  
Later you can keep the painting the  
way it is or you can add to it.

Look at these other ideas!

These are so fun to make!

Please email me if you have any questions.
