

# Visual Art Virtual Learning

Art Explorations -  
Summer Fun Art Ideas

May 22, 2020

# Art Explorations

Lesson: May 22, 2020

**Objective/Learning Target: You will be learning about easy art projects with everyday items.**

**For our last week of virtual learning I thought I'd show you art ideas that you can do anytime. Especially this summer!**

# Foam Paint

Foam paint is created with simple things you have around the house.

# What you'll need:

- Paper
- Shaving Cream
- Food coloring
- Glue
- Baggies

Mix equal parts shaving cream and glue into a ziplock bag, add your desired food coloring and then, with the bag sealed, squish the bag together until all your ingredients are nicely mixed together. This part is fun!

Create a layout for your design first so you know what you'd like to create. You can even just write words. When you're ready for the foam simply cut off a corner at the bottom of the bag and use like you're piping icing. Once the art has been completed, set aside so the foam can dry and solidify overnight. Throw away your baggies when you are done.

Let the paintings completely dry. Notice it will have fun texture unlike other paints! Why do you think that is?

I hope you will make some art this summer! Have a wonderful summer break!

Please email me if you have any questions.
