Art Explorations - Photography Fun

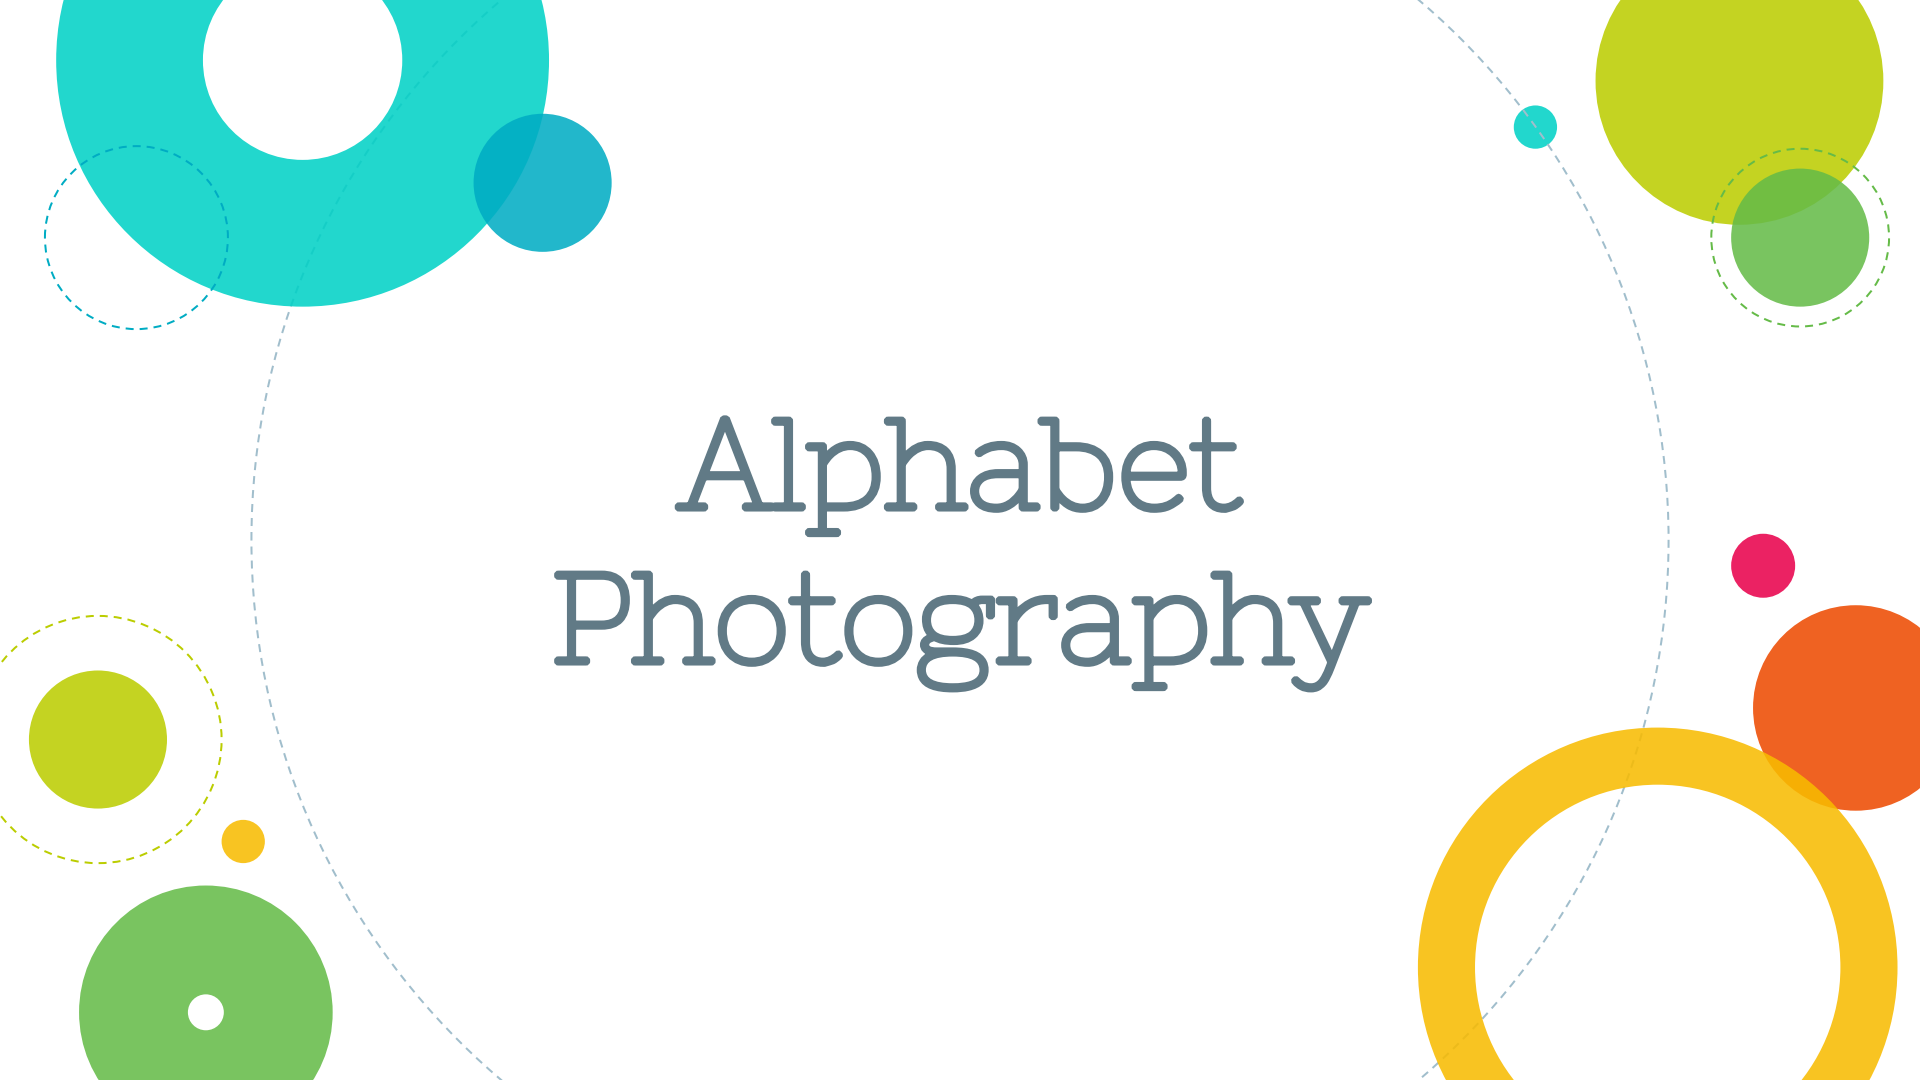

May 4, 2020

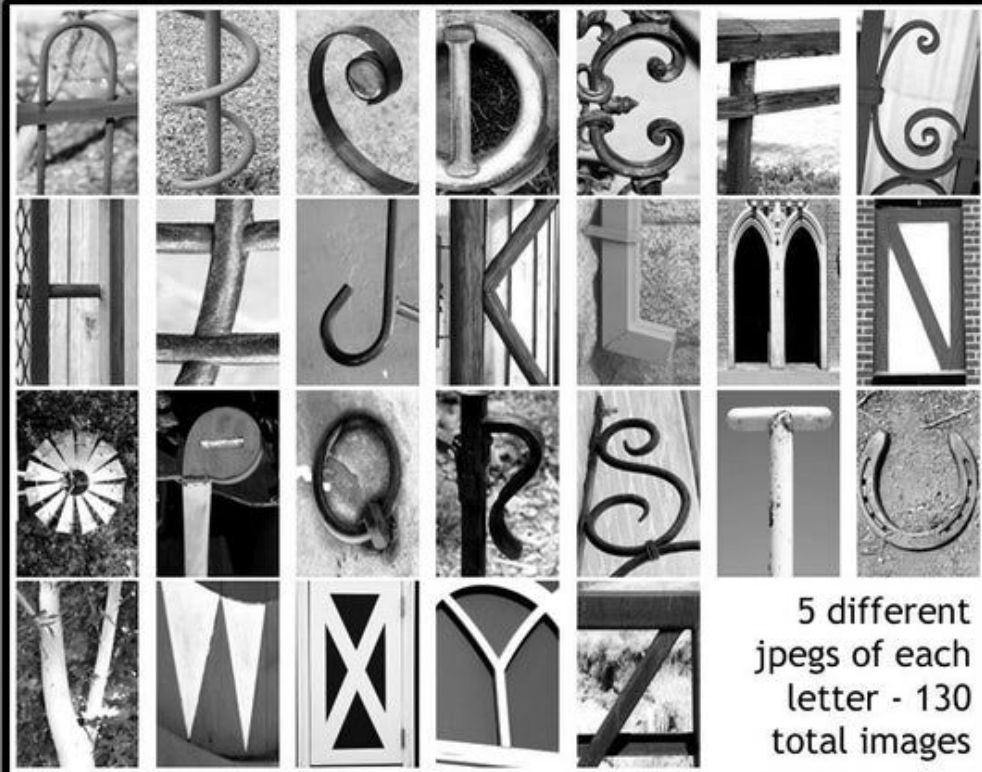

# Art Explorations

Lesson: May 4, 2020

**Objective/Learning Target: We will be discussing fun photography ideas.**

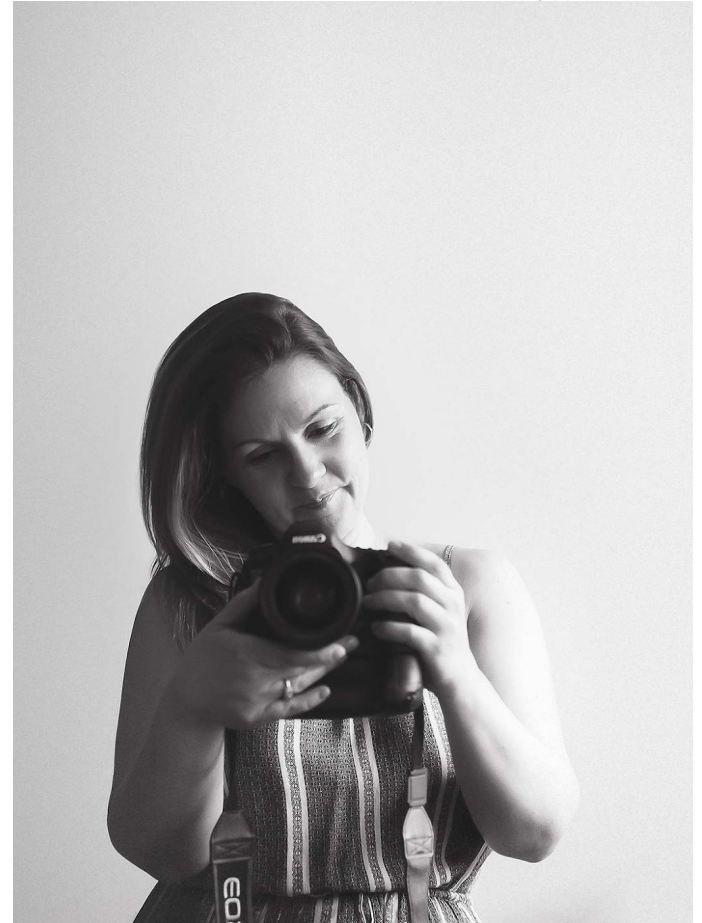

A decorative graphic featuring a large, light blue dashed circle that frames the central text. Various solid-colored circles in shades of teal, green, yellow, orange, and pink are scattered around the perimeter. Some circles are solid, while others are dashed outlines. The overall style is modern and playful.

# Alphabet Photography

Alphabet photography is the creative process of photographing everyday objects that resemble letters of the alphabet, then putting the photos together to create any name or word.

Jennifer Blakeley is the brainchild behind the alphabet photography. She is the owner of 'Alphabet Photography, Inc'. Here they take her photographs of everyday objects that resemble the alphabet. Her photographs are usually printed in black and white or a sepia tone. Below is a photograph showing the difference.

Look at these alphabet photography pieces and how they have created words.

Please google alphabet photography to look at other examples and perhaps get some ideas for you project that we will start tomorrow.

Letter "W"

A decorative graphic consisting of a large, light blue dashed circle that frames the text. Various colored circles (solid and hollow) in shades of teal, lime green, yellow, orange, and pink are scattered around the perimeter of the dashed circle.

This week should be really fun with some simple  
photography lessons!

Please email me if you have any questions.
