

The skeleton of the “Isle de  
Jean Charles.”

# Day 3

Complete the warm up. Read the article linked on the slide and answer the questions.

I can evaluate how political and economic decisions throughout time have influenced cultural and environmental characteristics of various places and regions.

# Warm Up

We live in a densely populated suburban and urban area, meaning there are lots of people around us. We have stores, schools, doctors, and other places close by.

How do you think people on Isle de Jean Charles get things like groceries, go to school, or visit the doctor? Does this make life more difficult? How?

# Activity

Read the article, “[Native Lands Wash Away as Sea Levels Rise](https://www.pbs.org/newshour/science/climate-change-jan-june12-louisianacoast_05-30),” then answer the questions.

[https://www.pbs.org/newshour/science/climate-change-jan-june12-louisianacoast\\_05-30](https://www.pbs.org/newshour/science/climate-change-jan-june12-louisianacoast_05-30)

# Practice

1. What land changes did you read about?
2. What water changes did you read about?
3. What plant and animal changes did you read about?
4. What community changes did you read about?
