6th Grade Foreign Cultures

Lesson: May 12, 2020

Objective/Learning Target:

I can analyze relationships and interactions within and between human and physical systems to explain reciprocal influences that occur among them.

Warm Up: Missouri has its share of eccentric artists. In Warrensburg, several artists have created sculptures that are locally famous. Recently, the creations have been vandalized and are on display elsewhere. [Here are a few pictures and descriptions.](#)

You can watch an episode of the KCPT program, [Rare Visions and Roadside Revelations](#), as the hosts travel through Kansas.

Is there anyone in your neighborhood or is locally known for creating sculptures or other works of scrap art?

Watch the [film, Everything is Incredible](#), again if necessary. Answer the questions on this [Google Form](#) about Agustín and his work.

Now let's move to the [slideshow](#) to answer more in depth questions about Agustín's character and motivation.

As you think about Agustín, also think about yourself. Is there any type of project that you have worked on for weeks, months, years? What did the project mean to you? What did you keep working on it?
