

Homeroom Virtual Learning

7th Grade Homeroom

April 22, 2020

7th Grade Homeroom
Lesson: April 22, 2020

Objective/Learning Target:

**Happy EARTH DAY!!!
I CAN do my part to protect the Earth!**

Warm up #1

On a piece of paper, answer the following question:
What do you do with your own trash?

Examples:

Paper

Plastic

Batteries

Glass jars or bottles

Warm up #2

On your paper, answer the following 2 questions:

- 1) Do you turn out the lights when you are not using them?
- 2) Do you leave a fan or window air conditioner on when out of the room for a long time?

Just FYI...this site shows interesting information about energy use in the home:

<https://www.eia.gov/kids/using-and-saving-energy/homes.php>

Video: A History of Earth Day

Watch the following video about the History of Earth Day...

<https://www.youtube.com/watch?v=mmRUAXPAMVE>

FYI...beware of weird gas masks and deadfish...

Practice 1

Read the following article from National Geographic. When you finish reading, list three takeaways from this reading. What did you think was the most important information that you read about?

<https://kids.nationalgeographic.com/explore/celebrations/earth-day/>

Practice 2 Reflection...

What did you learn? Is there anything you can change in your own life that will help to protect the Earth or your own environment? Set three goals for yourself!

Example:

- 1) I will recycle paper at school.
- 2) I will throw away plastic in the correct container and recycle when I can.
- 3) I will place my glass items in the correct container and recycle when I can.
