7th Grade AVID Homeroom
Lesson: April 24, 2020

Weekly Objective/Learning Target:
I can research and make an educated guess about my future college and career choices.

Daily Essential Question:

How has my research been helpful in deciding if I attend this career or technical school?

This week we will focus on technical and career schools.

Use this [link](#) to choose a career or technical school to research this week. They are sorted by those with and those without virtual tours. Remember, you are researching the same school all week.

When you go to the site, if a box pops up requesting your name and email, please click the “X” in the top right corner to exit that screen. You DO NOT NEED to enter your information to take the virtual tour.

On a piece of paper...

INSERT NAME OF CHOSEN SCHOOL FOR THE WEEK				
MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
1. 2. 3. 4. 5.	1. 2. 3. 4. 5.	1. 2. 3. 4. 5.	1. 2. 3. 4. 5.	1. 2. 3. 4. 5.

Make this chart on a piece of paper. Each day of the week you will answer 5 questions about your chosen career or technical school for the week.

April 24 Questions

1. Could you see yourself attending this school someday? Why or why not?
2. What do you need to do to improve yourself to be able to attend this school someday?
3. What was the most memorable part of this school tour? Why did this stand out to you?
4. Is the campus known for anything specific? (Ex. Northwest Missouri State is known for the arboretum)
5. Knowing who you are as a person, do you think you could handle doing an ALL online class and be successful? Explain. (This is what is currently happening across the US).

Hopefully you got a taste of what life is like at a career or technical school.

On the bottom or wherever you have room on your paper... Write a 2 paragraph summary of the highlights that you learned about this career or technical school .
