Lesson: May 19th

Essential Question: What are the consequences of sending inappropriate photos or videos?

Consequences

It is hard to grasp the idea that something you do now can affect you forever.

Unfortunately

That is what can
happen if you don't
prepare yourself
now.

Reflect and Think

Now that you know some of the consequences, think about who you would not want to see inappropriate pictures of you.

Remember, these could be people you haven't even met yet.

Plan

The best time to make a plan is before you need it. Take a few moments right now to decide what you will do or say if:

You are asked to share a nude pic of yourself

Someone sends you a nude pic

Your reputation is valuable, protect it!
