

AVID Homeroom Virtual Learning

7th Grade AVID Homeroom

May 4th, 2020

7th Grade AVID Homeroom Lesson: May 4th, 2020

Objective/Learning Target:

I can use the ISD Website to learn about the academy options offered in high school so I can make informed decisions about my future.

Let's get started...

1. Familiarize yourself with how to access the academies information on the ISD website. Follow these steps.
 - a. Go to <https://www.isdschools.org/>
 - b. Click on the “Parents and Students” tab
 - c. Click on the “Academies of the ISD” link

From there you will be able to click on whichever academy you are interested in.

Today we are going to be focusing on the Arts & Education Academy, so click on the “Arts & Education Academy” icon.

ARTS & EDUCATION ACADEMY

Graphic Design Specialist

DIGITAL MEDIA PRODUCTION PATHWAY

CAREERS
Journalist, Newspaper
Writer, Video Editor, Page
Designer, Broadcast News,
Photographer

{ We are going to look at these pathways today. }

{ We are going to look at these pathways tomorrow. }

1. What is a pathway?
 - a. Different “paths” or course options you can take in order to get you on the right track to be college/career ready when you graduate high school.
 - b. There is a specific order that you have to take classes in starting **FRESHMAN** year.
 - c. Again, we are exploring the “Early Education” and “K-12 Education” pathways.
2. Take out a piece of paper and a writing utensil to take some notes over the different pathways as we walk through them.

1. Make this table on your paper... table continued on next slide

	Early Education Pathway	K-12 Education Pathway
Careers Associated		
Courses to take Freshman Year		
2 Sentence Summary of the course description.		
Courses to take Sophomore Year		
2 Sentence Summary of the course description		

	Early Education Pathway	K-12 Education Pathway
Courses to take Junior Year		
2 Sentence Summary of the course description		
Courses to take Senior Year		
2 Sentence Summary of the course description		
Would you be interested in this pathway? Why or why not?		

1. Using the table, and the ISD website that you should be on already, you will use the chart on the website to figure out the courses you'll need for each year of high school and record those.

[Art & Education Academy Link](#)
(just in case you need it again)

2. You will scroll down on the website and all of the course descriptions are listed. They are in **ALPHABETICAL** order, NOT by year of high school. Make sure you reading the correct course description before you write your two sentence summary in your table.

1. Looking at the bottom of the Pathway picture on the ISD website you will see a section titled “IRC”

IRC stands for “Industry Recognized Credentials” and with all the courses that you’ve taken in the chosen pathway, that makes you ready to work and able to get certified more quick. This also results in higher base pay.

1. On the back of your paper answer these questions as a reflection for today.
 - a. What course(s) did you find most interesting about the Early Education Pathway?
 - b. What course(s) did you find most interesting about the K-12 Education Pathway?
 - c. Why do you think it would be beneficial to follow a pathway in high school?
 - d. For each pathway you have a different set of credentials... why are credentials so important to have when you are applying for jobs?
