

Music Virtual Learning

6th Grade Orchestra

May 14, 2020

6th Grade Orchestra

Lesson: May 14, 2020

Objective/Learning Target:

Students will be able to build a major and minor triad

Warm-Up

Let's Practice!

Step 4

Have

Air bow!

**only work
on notes!**

**Count out
tough rhythms!**

a plan!

**Choose 10
measures to
focus on!**

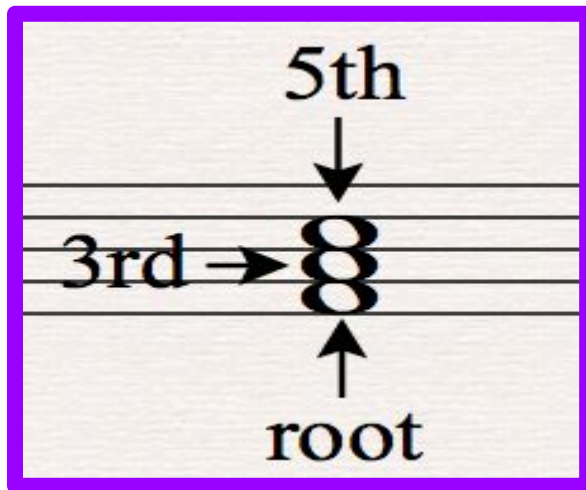

Start at the end and work backwards!

Lesson

What Are Triads?

Triads are made up of 3 notes played on top of each other. You will often hear people describe triads as chords. They consist of a bottom note (**root**), a middle note (**3rd**) and a top note (**5th**):

Review the
4/30 lesson
on intervals
if needed!

What Are Triads?

Learn More

The video thumbnail features a green border. On the left, a vertical pink bar contains the text "LIBERTY PARK MUSIC". The main area is split: the left side shows a treble clef on a five-line staff with three notes (C, E, G) stacked vertically, with a red circle around the E and G notes. The right side shows a pink piano keyboard with the notes C, D, E, F, G, A, B, C labeled. The text "What is a Triad?" is written in white on the right side, and "Learn Music Theory With Nicole DiPaolo" is written in white at the bottom right.

What Are Triads?

As we learned in the video, there are four types of triads:

1. Major
2. Minor
3. Diminished
4. Augmented

We are going to focus on Major and Minor

Major and Minor Triads

Major triads contain the root note, a major 3rd (4 half steps up), and a 5th.

Ex: C-E-G

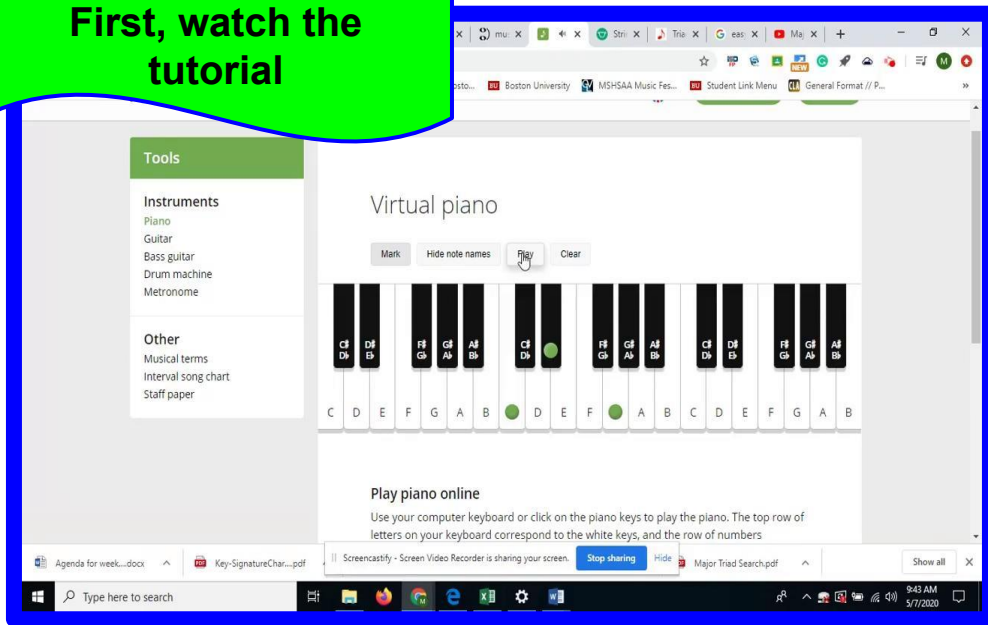

Minor triads contain the root note, a minor 3rd (3 half steps up), and a 5th.

Ex: C-Eb-G

Let's Practice!

First, watch the tutorial

The screenshot shows a web browser window displaying a virtual piano lab. The browser's address bar shows a URL starting with "Boston University". The page title is "Virtual piano". On the left, there is a "Tools" sidebar with categories: "Instruments" (Piano, Guitar, Bass guitar, Drum machine, Metronome) and "Other" (Musical terms, Interval song chart, Staff paper). The main area features a digital piano keyboard with keys labeled with letters (C, D, E, F, G, A, B) and numbers (1-5). Above the keyboard are buttons for "Mark", "Hide note names", "Play", and "Clear". Below the keyboard, there is a section titled "Play piano online" with instructions: "Use your computer keyboard or click on the piano keys to play the piano. The top row of letters on your keyboard correspond to the white keys, and the row of numbers". The Windows taskbar at the bottom shows the time as 9:43 AM on 5/7/2020.

Review

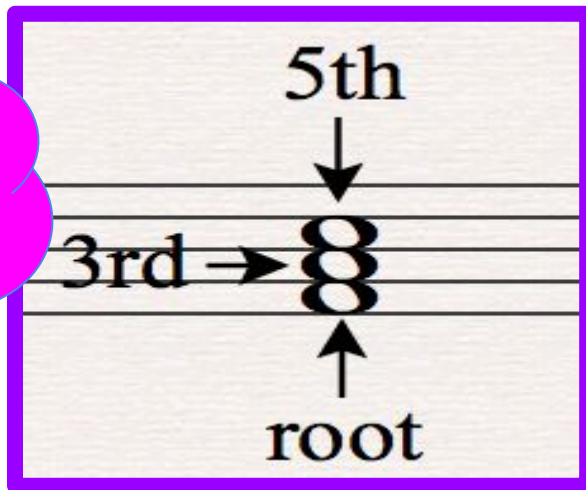

What Are Triads?

Triads are made up of 3 notes played on top of each other. You will often hear people describe triads as chords. They consist of a bottom note (**root**), a middle note (**3rd**) and a top note (**5th**):

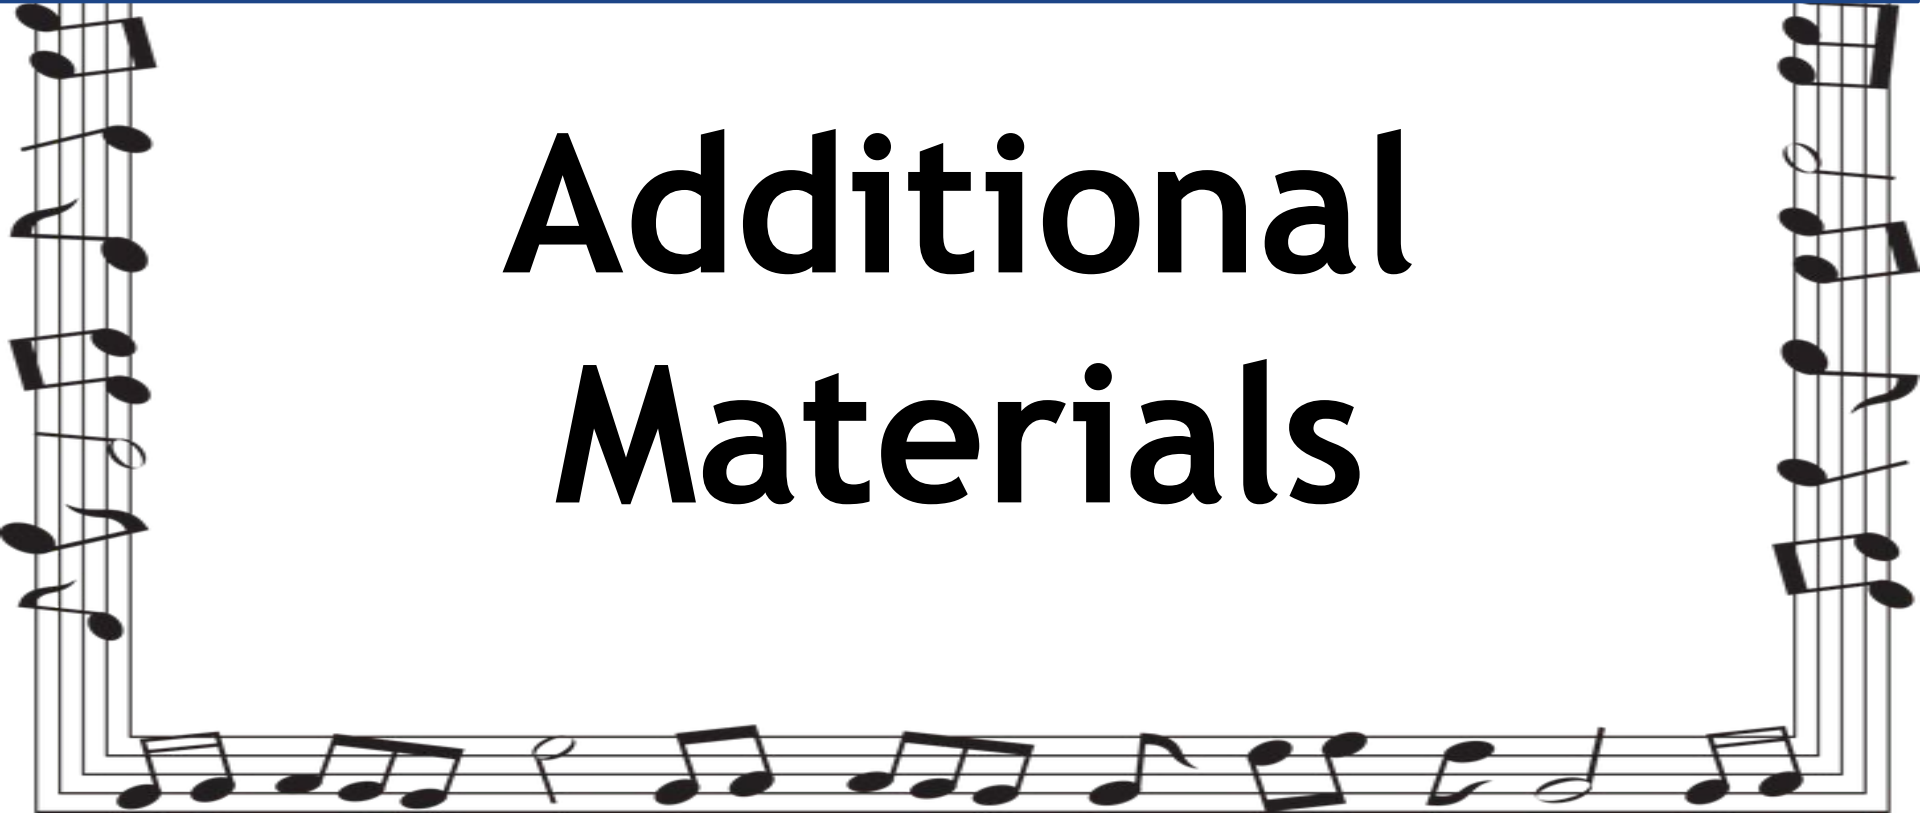

Major triads contain the root note, a major 3rd (4 half steps up), and a 5th.
Ex: C-E-G

Minor triads contain the root note, a minor 3rd (3 half steps up), and a 5th.
Ex: C-Eb-G

Additional Materials

M & M Challenge

Label the keyboard and practice building triads by laying an M & M (or other fun treat) on the notes!

[Click Here to Print](#)

If you don't have access to a printer, go back to the virtual keyboard and practice building more triads.

Self-Assessment

Triad Word Search Game

Click for [here](#) game sheet. Remember, these are major triads only.

1. Build the notes of the triad

If you don't have access to a printer, you can still practice writing the triads on a separate piece of paper or playing them on the virtual keyboard.

Remember that major triads contain the root, a major third (count 4 half steps) and fifth.

2. Find the chords in the word search

When you are done, check your answers [Click Here](#)
