Flex Friday Workout

Essential Questions and Lesson Objective.

EQ: What does the word flex mean? When flexing a muscle what happens?

LO: To understand what happens when there is constant tension on muscles being contracted.

Muscle flexing is more accurately known as **muscle** contraction, because when **you flex your muscles**, you're creating tension that's temporarily making the **muscle** fibers smaller or contracted. ... So, instead of moving weights, the **muscle** is being strengthened by holding still.

Dynamic Warm-Up

This warm-up should take about 2-3 mins if done the proper way.

- **25 Jumping Jacks**- Use your school's mascot in your cadence. Bear Jacks, Patriot Jacks and Panther Jacks. Instead of counting say your mascot 10 times.<https>
