

Elective Virtual Learning

7th & 8th Grade Multimedia

Getting Started with Vectr: Working with images

April 8, 2020

7th & 8th Grade Multimedia
Lesson: April 8, 2020

Objective/Learning Target:
I can upload & work with images, paths & masking in Vectr

Warm-Ups:

Read [What is a Clipping Mask in Illustrator? How to use Clipping Masks](#)

Illustrator is an industry-standard vector graphics app that lets you create logos, icons, drawings, typography, and complex illustrations for any medium.

1. How is Illustrator like Vectr? _____
2. What is a Clipping Mask? _____

Read [Clipping Masks for Beginners](#)

1. Why would a business need images using a clipping mask?

2. Name 2 businesses that would need clipping mask services?

3. Why? _____

Lesson Introduction/Background Information:

We've learned:

1. How to create shapes
2. How to manipulate shapes
 - a. (resize, rotate, arrange, transform, change the paths)
3. How to add gradient & solid colors
4. Think about arranging shapes to create an object or design

You read that a clipping mask is an image that has been "clipped" or hides a part of the image to show only the areas you choose. Check out the examples below!

Practice:

Open Your Browser> Go To vectr.com

Watch the Video:

[Upload & Work with images, paths & masking in Vectr](#)

Pause the video after I show each tool, skill or concept and try it out.
This makes a good practice!

Continued Practice:

How can you combine all the tools learned so far
to create a design or object(s)?

Share any files you create. Write questions you have in your notes.

Don't know how to take a screenshot? Learn how [Here](#)

Self-Assessment:

- Share your design with your teacher.
- Share your design with a family member &
- Explain the design using the terms and tools you have learned so far.
