

Elective Virtual Learning

7th & 8th Grade Multimedia

2nd Project with Vectr: Create a Cartoon-Style Character

April 15, 2020

7th & 8th Grade Multimedia
Lesson: April 15, 2020

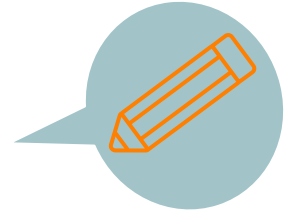

Objective/Learning Target:

I can plan & use Vectr tools to create my styled character.

Warm-Ups

Reflection:

Review your parts bank. Are there any features you want to add?
Review the styles of cartoon characters from the previous Lesson 7.

View & Think:

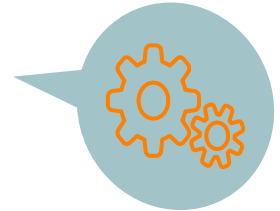

One of these is not like the other....What's the ODD One Out?

- Go To the First Slide here - Observe the Styles used
 - These are all self-portraits pulled from the Character Style Creation Challenge
- **5** of them are the same cartoon style and **1** is a different style.
- Can you pick the ODD one out?
- Can you Identify the main style and the ODD one out style?

Action:

Be sure that you are finished with the previous lessons to help you understand the tools we will be using.
Check your parts bank sheet one more time after the View & Think activity.
Odd One Out Answers will be in the Next Lesson!

What's the ODD One Out?

Identify the Style: ODD One Out? _____ Main Style _____

What's the ODD One Out?

Identify the Style: ODD One Out? _____ Main Style _____

What's the ODD One Out?

Identify the Style: ODD One Out? _____ Main Style _____

Lesson & Practice:

You will view:

View this session of creating shapes for a character & tracing parts of that character.

[Creating Shapes & Tracing for your Vectr Character](#)

**Why Did I chose the South Park Style?
What Style will you choose and Why?**

Practice

Creating a Character or modeling a character style takes thought & practice.

Take time to practice exploring with the tools in Vectr.

Practice...practice...practice will give you more ideas to choose from.

Self-Assessment

Did you create any new shapes or ideas from practicing in Vectr.

Share your ideas with a friend or family member.

Add to your Parts Bank if needed.
